

Member of Qatar Foundation

01 October 2009

Dear Parents,

We are posting the consent form for the administration of the **seasonal flu vaccine** on our website and sending this memo home with the form.

Please note this is NOT for the H1N1 flu.

We are asking the parents of each student to complete a form indicating either accept or not accepting the vaccine through Qatar Foundation. Qatar Foundation is making available to our students the vaccine. A medical team will be on site to do this.

This is not compulsory, but we ask for your response so that we know you have been given the choice. Please return the completed form ASAP as we must confirm with QF the number of vaccines needed.

Thank you for your assistance.
